DESTA ELIAS

Mechatronics Engineering Graduate

+251 929 293 220 | joy730671@gmail.com | github.com/desta-elias | Addis Ababa, Ethiopia

PROFESSIONAL SUMMARY

Mechatronics Engineering graduate of Addis Ababa Science and Technology University (2026) with hands-on experience building full-stack and mobile applications. Skilled in React, Flutter, Node.js, and NestJS. Delivered an e-commerce platform, a clinical IoT smart hospital bed app, and a college management system, from database design to deployment.

TECHNICAL SKILLS

Frontend: React, Flutter

Backend: Node.js, NestJS, Python

Databases: PostgreSQL, MySQL, MongoDB

Tools & Practices: Git/GitHub, REST API Design, Agile Development

PROFESSIONAL EXPERIENCE

Software Engineer — *Hus-Deliver* ∼1 year

- Built an e-commerce platform end-to-end, developing the customer-facing web app in React, a mobile shopping app in Flutter, and backend services with NestJS.
- Designed and implemented REST APIs for product catalog, cart, orders, and user accounts, backed by a relational database.
- Collaborated across web, mobile, and backend layers to deliver a consistent delivery experience on every platform.

Mobile App Developer — *SmartCare* 4 months

- Developed a clinical IoT smart hospital bed app in Flutter and Dart, covering patient admission dossiers, multi-axis motor control (head, leg, lateral tilt), and real-time medical telemetry.
- Built the NestJS and PostgreSQL backend for patient records, actuator calibration, automated turn schedules, and audit logs, integrated through REST APIs and real-time sensor streams.
- Implemented safety features including debounced actuator syncing, live vitals monitoring, sub-second emergency override, dark/light theming, and PIN-secured device management.

Full-Stack Developer — *FDRE Akaki Kality Prison* 6 months

- Built a college management system for the institution using React on the frontend and Node.js on the backend.
- Implemented modules for student records, course management, and administrative workflows.
- Designed the underlying database schema and APIs to support reliable data management for academic operations.

EDUCATION

BSc in Mechatronics Engineering 2026

Addis Ababa Science and Technology University

KEY PROJECTS

- **E-Commerce Platform** — React, Flutter, NestJS (Hus-Deliver)
- **SmartCare IoT Hospital Bed App** — Flutter, Dart, NestJS, PostgreSQL (SmartCare)
- **College Management System** — React, Node.js (FDRE Akaki Kality Prison)
